To Whom It May Concern:

This letter is to confirm that Mr. Donovan King was an employee of the Youth Institute of the Saidye Bronfman Centre for the Arts from November 2003 through to March 2004. During his period of employment Mr. King conducted numerous, well structured theatre workshops.

Mr. King always provided a stimulating and enjoyable workshop environment. His passion towards the arts reflected in his workshops. He was able to structure the workshops for children between the ages of five (5) and twelve (12) years.

Mr. King would be an assist in any art educational milieu and we, at the Youth Institute, wish him well in all his future endeavours.
