To Whom It May Concern:

Please be advised that Donovan King was in charge of our drama program during the summer of 2000. In this capacity Donovan, along with two assistants for choreography and music, was responsible for four musical plays during July and four new plays during August. The groups were divided by age, one for children finishing kindergarten, one for grade one, one for grades two and three and finally one for our eldest campers, grade four and on.

After audition and twelve forty-five minute periods, campers presented their plays on a professional stage for relatives and fellow campers. Approximately forty campers participated in each play. The young "thespians" adored the preparation and were actively involved from stage design to choreography, stage management and performance. It was truly a high light of their summer.

Donovan also directed creative drama workshops each day for our preschoolers. This period was wildly popular.

I have directed summer camps since 1972 and Mr. King's program is our most successful to date. I cannot recommend him highly enough for any position relating to children's theater.

William Roszler

Director of Champions Day Camp
