

STAGECOACH

THEATRE ARTS

April 28th 1997

To whom it may concern.

Donovan King has been employed with Stagecoach Theatre Arts for over a year in his capacity as Drama teacher. He planned a full curriculum for children aged between 6 and 16, and implemented his expertise through well thought lessons, teaching about movement, improvisation, voice, sketches and theatre sports.

Donovan has excelled at directing and was an integral part in mounting several productions, such as "Mary Poppins" "The Boyfriend" and "Heidi" and many others. His technical expertise was employed to rig lighting, and operate stage machinery.

We have always found Donovan trustworthy, reliable, creative and has great style when working with students.

We highly recommend to any future employers and we wish him luck in his travels and career.

Yours Sincerely,

A handwritten signature in cursive script that reads "M Graves".

Michael Graves
Principal/Croydon
